L2...One Home. One Family. One Club.

BRIGHTON, MI - Legacy Center Volleyball will now be solely identified as L2. Just one year ago L2 joined Legends Volleyball as a new, elite, open level led by Executive Directors Eric and Sarah Lindstrom. The Lindstrom's brought years of expertise and relationships to Legacy Center Volleyball which has only improved the experience for all of our volleyball players.

The Lindstrom's from the start felt it was crucial to make the whole program feel inclusive and a family-like environment regardless the level. This principle has led to the entire club (National, Regional, State and Boys teams) now living under the L2 umbrella.

When asked to reflect on the last year, the Lindstrom's had one word: grateful. "We are honored to have had the opportunity to build and grow L2 with the support of the Legends program, staff and families." Sarah continued, "Both L2 and Legends share the same ideals, philosophies and cultures – bringing them together is just another way of extending the family atmosphere that was already here before we arrived."

The leadership of the Lindstrom's and the foundation that was previously set by Kristen Althouse, Legends Volleyball Director, has produced a seamless amalgamate. Both Legends and L2 coaches are motivated and eager to move forward.

Legends 15 Adidas Black head coach, Lindsey Ancevski, has been involved with Legends Volleyball since 2019. In that time she has coached 5 Legends teams as well as the recreational program. "As a Legends coach moving into the L2 world, my opinions and suggestions have held the same weight as anyone else," stated Ancevski, "I feel incredibly lucky to have coached as many Legends teams as I have and now to be able to continue helping our players grow within

L2.” Ancevski also expressed that “L2 is the natural progression of all the work the Legends’ director, coaches and players have put in over the last few years.”

For Shannon Billings, L2 15-1 head coach, this action is the final step in creating a full program. “Our goal has always been to be a family who creates a welcoming and encouraging environment. This move just solidifies those goals moving forward.” Billings concluded that “[her] hope is to continue to reach [and grow] each level of player in the gym together.”

The Lindstrom’s concluded, “we are so proud of the players, coaches and families that took a chance on us and were part of an amazingly successful first season. Our accomplishments this year, in both programs, just proves what direction we are heading in.”

Tryouts for the upcoming season will begin July 14. Interested in joining our family as a coach or player? Contact [Sarah Lindstrom](#) or sign up for tryouts [here](#)!
